

### PASADENA CONVENTION CENTER GOES GREEN

Because of its commitment to responsible environmental practices, the facility is LEED Certified from the United States Green Building Council, making it one of the greenest convention centers in North America. Green initiatives include:

- Automated, high-efficiency lighting and equipment, including LED technology
- New energy-efficient central plant ensures the larger facility operates without increasing demand on Pasadena's electrical grid
- Designed to perform 32 percent better than California's energy efficiency standards
- Water-conserving restroom fixtures are predicted to reduce water consumption by 37 percent
- Aggressive show and operational recycling program
- Preferred parking for employee carpools/vanpools and incentives for employees using public transportation
